in the general area of style study or stylistics there is no shortage of ideas definitions or published works it is hoped in the present volume to contribute to the prosperity of the discipline mainly by clarifying and exemplifying how pragmatic considerations may be relevant to any study of style in the conviction that pragmastylistics is more interesting and useful than stylistics on its own the starting point must be a brief survey of the definitions and style and stylistics the very form of the latter term suggests a scientific and orderly rather than an intuitive or impressionistic investigation of style there are two separate levels of study

one a general methodical and scientific discipline the other an application of its methods or postulates to the analysis of the style of a specific utterance text speaker writer movement or period it is clear that in order to approach either we must first attempt to understand style

ever wondered why your ceiling is shaped like the arches in a gothic cathedral or why your office building looks so different from its neighboring counterparts the abc of style invites you to explore the many different architectural and decorative interior styles from their ancient origins to the 1940s take a journey through history to see how the french aristocracy styled their palaces and castles to the simple designs of the dominican monastic churches during the middle ages often political changes implicate a stylistic transformation thus the different european styles were frequently named after a sovereign or a historical period renaissance style medieval style until the end of the nineteenth century the stylistic mutations of the time were generally based on the tastes of the royalty stylistic expression was therefore an affirmation of power

distinctive styles and authorship in alternative comics addresses the benefits and limits of analyses of style in alternative comics it offers three close readings of works serially published between 1980 and 2018 art Spiegelman's Maus Alison Bechdel's Dykes to Watch Out For and Jason Lutes Berlin and discusses how artistic style may influence the ways in which readers construct authorship

design and technology has long held a controversial place on the school curriculum with some arguing that it shouldn't be there at all this book presents and questions considered arguments and judgements and explores the major issues that all d t teachers encounter in their daily professional lives in exploring some of the key debates it encourages critical reflection and aims to stimulate both novice and experienced teachers to think more deeply about their practice and link research and evidence to what they have observed in schools written by expert design and technology education professionals chapters tackle established and contemporary issues enabling you to reach informed judgements and argue your point of view with deeper theoretical knowledge and understanding debates covered include what is the purpose of design and technology is it a vocational or academic subject what is the place of design and technology within the stem agenda what knowledge and skills do teachers really need what does the design and technology gender divide mean for schools and pupils is it a creative subject what is the future for design and technology with its combination of expert opinion and fresh insight debates in design and technology education is the ideal companion for any student or practising teacher engaged in initial training continuing professional development or masters level study
