in the problem of the idea of culture in john paul ii exposing the disruptive agency of the philosophy of karol wojtyla john corrigan provides a new lens with which to view and understand the philosophy of karol wojtyla john paul ii he exposes wojtyla as a major player in contemporary philosophical debates the work reformulates the problem of experience in light of the questions surrounding our idea of culture corrigan argues that for wojtyla the drama of the problem of experience manifests in the apparently divergent accounts of the meaning of human experience as presented by the philosophies of being and of consciousness solving this conundrum results in an idea of the person capable of explaining human experience in relation to human culture unfolding the experiences of self knowledge conscience and the ontic causal relationship of the person to human culture the first part of the book concerns formal considerations regarding the constitutive aspects of wojtyla s approach while the second part deals with pragmatic considerations drawn from his comments on culture

against the bleak backdrop of pressing issues in today s world civil societies remain vibrant animated by people s belief that they should and can solve such issues and build a better society their imagination of a good society their understanding of their engagement and the ways they choose to act constitute the cultural aspect of civil society central to this cultural aspect of civil society is the culture of democracy including normative values individual interpretations and interaction norms pertaining to features of a democratic society such as civility independence and solidarity the culture of democracy varies in different contexts and faces challenges but it shapes civic actions alters political and social processes and thus is the soul of modern civil societies the culture of democracy provides the first systematic survey of the cultural sociology of civil society and offers a committed global perspective it shows that as everyone is eager to have their voice heard cultural sociology can serve as an art of listening a thoroughly empirical approach that takes ideas meanings and opinions seriously for people to contemplate significant theoretical and public issues

one of the least known but culturally rich and complex regions located at the heart of asia xinjiang was a hub for the silk roads serving international links between cultures to the west east north and south trade artefacts foods technologies ideas beliefs animals and people traversed the glacier covered mountain and desert boundaries

essay from the year 2013 in the subject sociology relationships and family london school of economics language english abstract where the popular meets culture a rich repository of oppositional

voices versus hegemonic narratives evolves through representations images and media discourses embedded in commercial networks of cultural production and distribution popular culture is indicative of societal macro spheres and therefore resembles a fruitful realm for studying the construction and contestation of identities the omnipresence of sexual identity conflicts in popular culture such as bollywood movies can be interpreted as a manifestation of identity crises in postmodern society these crises reflect wider societal processes of change and progress that can give individuals the feeling of being thrown out of joint minority groups such as homosexuals are especially exposed which is why it is crucially important to further advance related knowledge and inform associated current debates around the question what is popular culture and how does it serve as a site of struggle around the construction and contestation around sexual identity in an attempt to shed light on these highly relevant and prevailing questions the present essay is structured in the following way after untangling the complexities of how popular culture serves as a representational mediated space where identities are constructed contested and negotiated bollywood cinema will be availed for a comprehensive case study of how different homosexual identity disputes are situated within cinematographic representations comparing national and diasporic audiences shows that culture is a powerful mediator exerting influence over how certain media texts are negotiated the main argumentative conclusions propose that the construction and contestation of sexual identities is an individually unique culture specific and constantly evolving process unfolding at the intersection of macro and micro levels
